

## Mini Jacks

### FEATURES:

- ❖ Rugged configuration
- ❖ Quick and smooth one knob adjustment
- ❖ Skid pad on top and bottom surfaces
- ❖ Instrumentation grade

### APPLICATIONS:

- ❖ Lab apparatus support
- ❖ Test setup support
- ❖ Waveguide system support

**CMJ Series**

### DESCRIPTION:

Cernex's CMJ series instrument mini jacks provide total supporting solutions in laboratory environment when flexibility is required. Constructed with chromed steel and a padded table surface, these mini jacks are especially useful and needed when setting up waveguide bench top test sets or module testing systems. Four table sizes and elevation ranges are offered to meet various application needs.
